

Website user privacy statement

With this privacy statement, we want to inform you in detail about the policy of protecting your personal data when it is collected through our websites, as well as its processing and storage, as well as about all your rights related to the personal data you entrust to us.

We also want to introduce you to the use of cookies on the devices through which you access our web pages.

Please read the statement carefully and accept it if you agree with it.

Legal frame

DAMMI Real Estate - Pullus j.d.o.o. has always approached the problem of protecting the personal data of its users with great care as one of the fundamental tasks for gaining and maintaining trust. In order to guarantee full data security as required by the legal regulations through the General Regulation on the Protection of Personal Data (EU) 2016/679 and the Law on the Implementation of the General Regulation on Data Protection (Official Gazette 42/18), we have defined the personal data protection policy in detail, and implemented a number of legal and technical measures for its application, with the aim of full compliance with the aforementioned regulations.

Purpose of personal data processing

The purpose of collecting and processing personal data on our website is to achieve our core business, providing the following services:

Mediation in the purchase and sale of real estate.

Mediation in leasing/renting real estate.

On our websites, we collect only the minimum amount of necessary data with the following purpose:

Inquiries for DAMMI Real Estate services - Collected: first name, last name, email, phone number

Subscribe to the newsletter - Email is collected

We use the collected data exclusively for the purpose of processing for which they have been entrusted to us and for which there is the consent of the provider.

Security and confidentiality of personal data

Data is collected via an internet server in a strictly controlled secure environment, maximally protected against unauthorized access and unauthorized use. The flow of information from the user's device to the server is carried out using the HTTPS protocol, which encrypts the data during transmission so that it is completely protected from any form of abuse in that segment as well. After downloading from the Internet server, the data is stored on protected computers in encrypted collections of personal data.

Availability of data to third parties

In order to be able to fully realize the services we provide, it is necessary to make your personal data available to law offices as entities that inevitably participate in this process.

In doing so, only the minimum number of data necessary for the provision of the service of that subject is forwarded as part of the overall service that PULLUS j.d.o.o. provides you.

Your personal data may be available to companies from the IT sector hired by DAMMI Real Estate for the purpose of providing development and maintenance services for the application software we use, maintenance and security services for local computers, and Internet server and cloud data storage services. The companies engaged in the aforementioned services are reliable partners with a contractual obligation to keep data confidential and comply with the legal regulations from the Personal Data Protection Regulation.

Personal data retention period

User's personal data provided for the purpose of inquiry for offers is kept for 3 years. If they are used for statistical purposes with the aim of improving the level of our service, the data are anonymized in such a way that they lose any link with a specific person.

User rights

The user is guaranteed a number of rights related to the storage and processing of personal data.

These are the following rights:
